Okay I called the number on the letter and spoke to a person there. So the applicant is asking to put a bowling alley in the building. Charlie had mentioned to me that the alcohol permit was tied to the use of the bowling alley in the past.

Thanks for forwarding this! I'm not sure about the "cafe/entertainment" part but I think the restoration of the bowling alley is awesome!

What does this cafe/entertainment look like?

Figueroa St 90042

Dear Honorable Council member Cedillo.,

Commission Investigation Division (CID) is the regulatory arm of the Police Commission with respect to the processing, issuance, investigation, enforcement, and discipline of 51 Police Commission permits. It regulates businesses where there is a propensity for criminal activity. These businesses range from massage parlors, adult/**cafe entertainment establishments**, Game Arcade, Games of Skills & Science, **Bowling Alley** and Pool Room & dance halls to one night dance events.

In an effort to streamline the application process and reduce costs in relation to Police Permits, CID notifies the affected Council District via-email. This e-mail serves as notice that an application has been submitted for a Police Permit in your area. Please review the attached document.

If you have any questions or object to the granting of this permit, please contact the Commission Investigation Division, Permit Processing Section at [\(213\) 996-1210](tel:(213)996-1210). While an objection to the granting of a permit may not result in its denial, conditions governing the business operation may be imposed based on verifiable adverse information.

Thank you,

Elvin Wheeler Serial No. V8788  
Commission Investigation Division
